New video guide to showcase application

Published on Fri, 2016-09-23 10:36

A step by step guide to the ELF Project showcase application has been released to coincide with the 2016 INSPIRE conference.

The video explains how users can experience the showcase application as a ready-to-use web map viewing service without the need for a desktop GI application.

Visit <https://demo.locationframework.eu> for more information.
